

At the prayer gathering last Tuesday (3 Aug) the Lord gave me the following:

I saw us praying in the prayer room as I watched I seemed to zoom out far above the earth to the vantage point of a satellite looking down on the night side of the earth. The whole planet was in darkness though I could make out the silhouettes of the continents and islands. On the island of Britain I saw a very small pinprick of light coming from a small group of people praying in a small room in a small church in a small town in the middle of the island. But the light was extremely bright, so much so that sharp radiant spikes of light were coming from this small pinprick of light and piercing the darkness far beyond this town and country and island. The rays of light were indiscriminately flooding the whole dark side of the earth. That's us!

I asked the Lord for a scripture and he gave me:

**Lk 8:16**

LK 8:16 "No one lights a lamp and hides it in a jar or puts it under a bed. Instead, he puts it on a stand, so that those who come in can see the light.<sup>17</sup> For there is nothing hidden that will not be disclosed, and nothing concealed that will not be known or brought out into the open.<sup>18</sup> Therefore consider carefully how you listen. Whoever has will be given more; whoever does not have, even what he thinks he has will be taken from him."

Our prayer power (like horse power) is that lamp. We need to continue to shine (pray) no matter how tedious it may become! We are a very small pinprick of light yet we are a fabulously bright spiritual influence in our community, our nation and beyond!
